

« Live a castle life for a night,
in a unique French Loire Château...»

A Privately-owned Medieval Castle

Complete with a keep, turrets, and a drawbridge, dating from the 15th century, Le Rivau stands out from other Loire Valley castles that were all built during the Renaissance period, and has a real fairy-tale quality, bringing out our inner child!

Rivau was built by the Great Chamberlain of France and visited by Joan of Arc.

14 naturalistic gardens !

The gardens are labelled “Remarkable Gardens”, count among the 17 “Most Beautiful Gardens of France” and represent a National “Conservatory of Fragrant Roses” (CCVS). They were conceived by Patricia Laigneau, the current owner, who has the double approach of an art historian and botanic expert.

«All is but order and beauty, luxury, calm and voluptuousness...»

Château Rivau's magnificent silhouette rises from the midst of the fields in the Loire Valley. Most of all we recommend that you take your time to enjoy our property, its calm and its gardens!

Our 12 luxury rooms are located within the historical monument and grant you exclusive access to the gardens after the daytime visitors have gone. They offer all the luxury of living like a prince, but with modern comfort (Wifi - AC). Rooms are uniquely decorated with beautiful furniture and contemporary art. Sleeping in Rivau Castle offers an incomparable experience ...
